

## **The First and Second Day trips of 2017**

### **Saturday 24th June. Glasgow Museums Resource Centre**

Leader: Ann Ainsworth

Participants 15

This morning excursion is a guided tour of the Glasgow Museums Resource Centre at 200 Woodhead Road, South Nitshill Industrial Estate, Glasgow G53 7NN. You will need to arrange your own transport. The centre is about 5 minutes' walk from Nitshill railway station. Museum staff will be showing us some of the many items in the geology collection which are not on public display. Because of restricted space within the building, numbers will be limited to 15 but, in the event of higher demand a further trip will be offered on another occasion.

We are shown some of the Centre's 'special' specimens. *Hugh Leishman*
